

# ONE DAY WORKSHOP - CRYSTALLOGRAPHY

September 25<sup>th</sup>, 2014

TIRANA - ALBANIA

## PROGRAM

8.00 Registration

**Chairs: Dritan Siliqi and Enkeleida Beqiraj**

8.30 Welcome

*Prof. Agim Sinojmeri, Faculty of Geology and Mining, Polytechnic University of Tirana, Albania.*

*Dr. Michele Saviano, Director of Institute of Crystallography (IC)-CNR, President of Italian Crystallographic Association (AIC), Italy.*

*Dr. Michele Zema, Project Manager for IYCr2014, IUCr, UK and University of Pavia, Italy*

9.30 One hundred years of Crystallography

*Prof. Aldo Craievich, Instituto de Física, USP, Sao Paulo, Brasil.*

10.30 Basics aspects of Crystallography

*Prof. Aldo Craievich, Instituto de Física, USP, Sao Paulo, Brasil.*

12.00 Crystallography and the phase problem: from small to the macromolecules

*Dr. Dritan Siliqi, CNR-IC, Bari, Italy.*

13.00 Lunch

**Chairs: Aldo Craievich and Michele Saviano**

14.00 Powder X-ray diffraction: theory and applications

*Dr. Angela Altomare, CNR-IC, Bari, Italy.*

15.00 Crystallography applied at Mineralogy Science

*Dr. Francesco Capitelli, CNR-IC, Rome, Italy.*

15.45 X-ray microscopy with Small/Wide X-ray Scattering (SAXS-WAXS) contrast.

*Dr. Davide Altamura, CNR-IC, Bari, Italy.*

16.45 Atomic resolution Electron Microscopy methods in the study of Inorganic matter.

*Dr. Elvio Carlino, CNR-IOM, Trieste, Italy*

17.30 Coffee break

**Chair: Agim Sinojmeri and Altin Mele**

17.45-18.45 *Past, present, and the future of crystallography in Albania.*

Short presentations and discussions.
